### **ROLLING MEADOWS COUNTRY CLUB NEWSLETTER**

**Welcome back to Rolling Meadows!** Another great year of golfing is ahead of us and we're so glad you're back to enjoy it with us!

We're very proud of our beautifully designed and maintained 18 hole public golf course, and we're proud to welcome everyone, no matter their skill level. We are open to all individuals and groups and will be happy to host your outing or league. We have a driving range for warm-ups and a picnic area with a pavilion for your group to use.

In fact, Rolling Meadows provides a unique opportunity for groups. Our clubhouse, a turn-of-the-century converted barn, is a warm and friendly place to meet and relax - complete with a snack bar and soft drinks. And, if you'd rather bring your own food and beverages, we encourage you to do that, as well.

We are accessible and affordable.

**We look forward to seeing you, our old friends, and greeting those of you who are new to our course!**

### THREE LAWS OF GOLF

- Law 1:** Brand new golf balls are water-magnetic. Though this cannot be proven in the lab, it is a known fact that the more expensive the golf ball, the greater is attraction to water.
- Law 2:** No matter what causes a golfer to miff a shot, all his playing partners must solemnly chant "You looked up" or invoke the wrath of the universe.
- Law 3:** Golf balls from the same "sleeve" tend to follow one another, particularly out of bounds or into the water (see Law 1).

**ROLLING MEADOWS** in Northfield Township sits on land rich in history. The Pottawattamie Indians were the earliest inhabitants of the Township, leaving evidence of their culture over 4,000 years old. Descendants of these Native Americans coexisted peacefully with the earliest settlers, until the incoming tide forced them to move west.

In the early 1800's the land in Northfield was divided primarily into two groups. The first group, known as "Yankees", was of English descent, and settled primarily in the eastern part of the Township. The second group was comprised of Catholics from Ireland who settled in the western part.

The land on which Rolling Meadows sits passed through the hands of several of these Irish families. James Cahel bought it from the United States government in 1833, and sold it to the Laughlin family in 1834. In 1838 the McLaughlins bought it from the Laughlins. The O'Briens bought the land in 1860 and sold it to the Burke family that year. Then, 150 years after Northfield Township had its beginning, Tony Fielek and his brothers, Harry and Louis, bought 165 acres of farmland from the Burke family. They cleared the land, hired a landscape architect and built a golf course.

Rolling Meadows Country Club became a reality in 1978. Today it is owned and operated by the family of Tony Fielek.

**7<sup>th</sup> ANNUAL TONY FIELEK SR. MEMORIAL GOLF OUTING:** Please join us Friday, September 3rd for this annual and very special event. This will be the seventh year we will host the **Tony Fielek Memorial Golf Outing**. Food, cash prizes, a raffle and gifts will be part of this "always fun" outing, so plan on being here with us!
